Career Objective

Motivated and detail-oriented B.Tech student with strong foundations in programming and problem-solving. Seeking an internship opportunity to apply technical skills in Java, C, and Python, gain hands-on industry experience, and contribute to real-time projects while enhancing personal and professional growth.

Academic Qualification

2023 – Present rajampet	Computer Science and Engineering(Artificial Intelligence),, <i>Annamacharya Institute of Technology and Sciences</i> 8.9 CGPA
2021 – 2023 Dhone	Intermediate,, Sri Sudha Junior College 94.1%
2020 – 2021 Dhone	SSC,, Sanjoe English Medium High School 98%

Technical Skills

• **Programming Languages:**

Java, C, Python,HTML, MYSQL

Advanced Skills

Artificial intelligence and Machine learning ,Data Analysis

• **Core Areas:**

Problem Solving, Data Structures, OOPS Concepts

• **Tools/Platforms:**

GitHub,Leet code

Projects

AI-Powered Error Budget Tracker:

Developed an AI-based Error Budget Tracker to monitor system reliability and service performance using Service Level Objectives (SLOs) and Service Level Indicators (SLIs).

Certificates & Achievements

- cloud computing(AWS)-ByJobprep
- Devops certification by Jobprep

Internships

Cloud Computing(AWS) Internship, Job Prep (2025):

Gained hands-on experience with AWS services including EC2, S3, and Lambda. Designed and deployed scalable cloud solutions and worked on cost optimization strategies

Devops internship:

Completed a DevOps internship focusing on CI/CD implementation, cloud services, and infrastructure automation. Worked with tools like Git, Docker, and Linux to support scalable and reliable deployments.
